About Us

My Learning Training Resources (“MyLearning”) is a fast-growing full service, one-stop training solution for accounting & finance, assurance, business and management. Our areas of focus are in Auditing, Financial Reporting, Accounting, Business Consulting, Risk Management and Corporate Governance. Besides providing up-to-date and industry relevant programs, MyLearning also capitalises on the collective experience and capabilities of its people to provide human capital development advisory; from training need analysis (“TNA”) to developing a comprehensive training & development mechanism for our clients – be it corporations, public sector entities and even public practices. Our training programs are conducted both as public programs, as well as customized in-house programs based on industry, type of business activity and needs & concerns.

Our trainers have more than 20 years of experience in various fields of expertise from commerce, public sector and public practice. We have delivered high quality, sought after in-house and public seminars, workshops, webinars and talks to professional bodies, government agencies & statutory bodies, universities & colleges, public accounting practitioners, SMEs as well as public listed companies and multinationals across Asia.

Training Programs

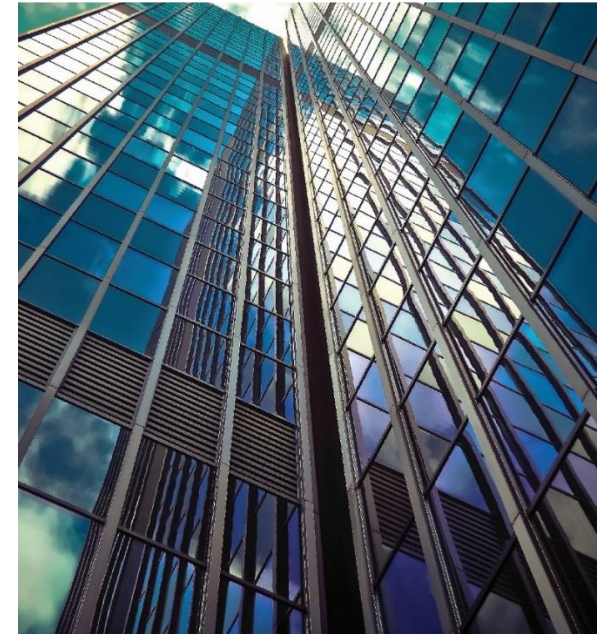

Our audit & assurance training comprise all areas under the International Standards on Auditing (ISAs) from basic to advance levels, International Standards of Quality Control 1/Quality Management 1 (ISQC 1/ISQM 1) and standards & best practices for internal auditing (such as the IPPF) as well as public sector auditing. These trainings are delivered not only for auditors to ensure compliance with standards but also practical to be applied so as to ensure that the audit is effective and efficient. Other areas of assurance such as financial due diligence and forensic accounting are also available.

Training on financial reporting encompass all areas and standards on MFRS/IFRS, MPERS and MPSAS/IPSAS (for public sector), as well as finance for non-finance professionals.

Besides the above, we also conduct training on risk management, corporate governance and business advisory topics such as valuations and forecasts & projections.

Training & Development Advisory

We leverage on our expertise by enabling and equipping organisation who want to set up, improve and innovate their training function. Our advisory includes the whole works....from setting up continuous learning & development in an organisation up to monitoring and improvement.
